County Councillor Report to Parishes for May 2017

Recycling: A recent Government ruling on Wokingham Council has stated there is no case for charging for residents DIY waste at recycling centres. We await HCC's response to this.

Roads : HCC has a new partner: Skanska. It is expected that they will be fully 'up and running' by September, but items already on the list will be carried out by Amey. Jet patching has started now the weather is warmer.

Cango Service 41. : Following representation from me and others on the route, an alternative service is being considered- if you or your Parish has comments, or you know someone who uses the service, please contact me or Sue Knight sue.knight@hants.gov.uk directly. Thank you.

Gypsy and Traveller Plan: please see my website for the link to the current consultation, which is broadly based on sufficiency and access to services.

Footpaths- 'do it yourself now as volunteers recruited.' A series of meetings were held to look at ways in which Parishes and volunteers can help in future. If you attended, I would be interested in your comments.

Library Service update: : There are lots of Easter holiday events for children at The Discovery Centre and exhibitions relating to Hampshire's Jane Austen 200 year.

Go to this website for details: <http://janeausten200.co.uk>

Boomtown: I have the dubious pleasure of taking the chairmanship of the Community Meetings. Over the course of the three meetings, we will look at

- traffic generation and management including road closures, special lanes, car parking, buses, additional signage etc,
- obtaining tickets and seeking job opportunities and charity donations
- noise,
- safety for families attending
- licensing conditions
- safety of road users before and during the event
- policing of drugs
- security of residents' properties
- the effect of the festival on our Emergency services, and
- how they can alert the organisers if there is a problem off site.

I think this is a good idea and will continue to press for similar meetings for Grange events, and Blissfields as these grow. I have not had one complaint about Car Fest- does anyone know differently?

A33/Cart and Horses JunctionThe decision day was on the 23rd March, well attended by many residents. I spoke in support of the reduction in speed to 40mph as on the original report, and the no u turn. Neither KWPC nor I supported 'no right turn' from the Cart and Horses up to Winnall. Cllr Humby agreed 40, but not the other two (saying U turn and No right turn are linked).He agreed to carry out more investigation and report back in two months' time.
