Thank you for your support and patience at the County Council Elections, and then for the GE election too. After a prolonged period of 'Purdah', I am trying hard to catch up with the backlog created during that time.

Grants:

I have County Councillor Grants available again this year.

I am seeking to support events, and opportunities to make a change to current practices.

Interested parties should check with me first to save filling out unnecessary paperwork.

Cart and Horses Junction

I am expecting something very soon... will keep you informed

Gypsy and Traveller Consultation

Final leg of the consultation is out 10th July, probably until September but closing date TBC

Junction 9 of the M3/A34

I am expecting a first consultation on this over the Summer. I have written to the Council seeking cross party working s it will affect residents right across the area of Winchester and may affect those who are further away from the original junction too, particularly during the construction phases.

DemFest 2017 will be held at Hillier Gardens near Romsey on the 10th September from 11 to 4pm: ideal if you have a family member with dementia, includes activities, music and advice sessions.

Transformation to 2019

As more cuts bite, the County Council is planning more efficiencies. I'll report more detail on them in the next few months.
