## THE CRICKET PRACTICE AREA IN EVERSLEY PARK

1. During the last meeting of the R&A committee I agreed to ask a friend with knowledge of cricket matters to look at the cricket practice area and recommend any necessary action.
2. Our inspection took place at 10:45 Wednesday 1 November 2017. We were accompanied by Chris Read, Assistant Clerk.
3. The general impression is that the area is in quite good condition, but little used; there is little sign of wear on the matting, no damage to the area where a bat would be grounded, no sign of stumps every having been placed, and no wear to the run-up area.
4. To maintain the area in good condition, the following work needs to be carried out:
  - a. The mats to be brushed and cleaned, otherwise the lying debris will 'mould in' to the matting. This needs to be done regularly and particularly when all the leaves are down.
  - b. The edges of the matting to be cleared and kept clear of encroaching grass.
  - c. The nets should be refitted where necessary – they are coming adrift in some places. It is thought the plastic ties used are very subject to weathering and a traditional form of tie would be more durable.
  - d. The bottoms of the nets need to be tied up during the winter and kept clear of the grass.
  - e. The bottoms of the nets need to be tied down during use; this is to ensure balls cannot be driven out of the enclosed area.
  - f. Holes in the nets to be repaired.
  - g. In spring, the used area, including the matting, should be rolled.
  - h. In summer, the matting needs to be cleaned every 2 weeks or so; a vacuum cleaner would be ideal to remove all the small debris.
  - i. The lines to be re-marked.
  - j. It is recommended that a sign be displayed with wording to the effect: 'Users of this cricket practice area do so at their own risk'
5. The inspector, Mr Jeff Levis from South Wonston, is heavily involved in Hampshire cricket matters, from the Ageas Bowl through local clubs to schools, cricket for the disabled and as an examiner of umpires. He thought it a waste that our facility does not seem to be much used, and would be happy to publicise its existence to local clubs and schools who may need such a facility for to enable juniors to practice. I undertook to seek the Parish Council's views on whether this would be welcomed.
