P/24/013 – Public Question Time [Please note that this is the only time that the public are able to speak and is limited to 5 minutes per subject]

A group of residents expressed their concerns about the proposed development on at Kings Worthy Court, London Road:

- The proposed development with identical houses will not fit in surrounding historical buildings and the density is too high.
- Affordable housing is not in the right area.
- Removal of trees & vegetation
- The planning notice has not been properly displayed.

Another group of parishioners expressed their concerns about the proposed development in Tudor Way:

- The character of the proposed development does not fit in with the surrounding area.
- They are continuing the development despite the presence of the sewage pipe, which Southern Water have told them not to build near.
- There will be fewer parking places therefore cars will park on Springvale Road.
- The proposed development will be taller than the others and will block out the natural light for surrounding properties.
- No site notice was correctly displayed for the development.

**P/24/014 – To consider Planning Application received since the last Meeting
[Schedule attached]**

24/00103/FUL

Kings Worthy Court London Road Kings Worthy Hampshire

Full planning application for the demolition of Kingsworthy Court and redevelopment of 30 dwellings, including the alteration / conversion of the existing Kingsworthy House with 6 apartments

Response/Action – The Parish Council agreed to object to this application on the following grounds:

- The additional traffic generated from this proposed development will increase the load on both London Road, and the Cart & Horses Junction, which has well-documented ongoing issues including multiple accidents and near misses.
- The current design will have a significant impact on local wildlife habitat and is not in keeping with the unique identity and architectural heritage of the area.
- A proper ecological biodiversity assessment has not been carried out and there is considerable concern regarding the proposed removal of vegetation/trees, including the impact on wildlife.
- The pavement along Church Lane is very narrow.
- The planning notice has not been properly displayed.
- Some of the proposed housing will be located very close to the existing housing adjacent to the site, particularly 21-25 Church Lane. The proximity of this housing will have a significant impact on the neighbouring properties including a loss of amenity.

23/02773/FUL

3 Tudor Way Kings Worthy Winchester Hampshire SO23 7RF

This application relates to the proposed new build construction of 1No. detached house and all associated works

Response/Action – The Parish Council wish to object to this application on the following grounds:

- Given the imposing nature of the proposed development, it will have a significant visual impact on the neighbouring properties.
- Loss of amenities to neighbouring properties.
- Given the proposed development is situated on higher ground, the properties would need to be dug into the ground to reduce the height of the properties to reduce the impact on the surrounding area.
- No site notice was correctly displayed for the development.
